

## Maths

Place value Statistics  
Addition and subtraction  
Multiplication and division  
Measures Volume and capacity  
Position and area  
Time  
Shape

## Jigsaw

Changing Me  
Looking at how our bodies  
change during puberty and  
naming the parts of the repro-  
ductive systems

## English

A story teller will be visiting and  
holding a workshop to help de-  
velop characters for our fables

We will then look at explana-  
tions—using them to explain the  
learning in our science.

## Music

We shall be following up from  
the Bournemouth Symphony Or-  
chestra performance— looking at  
artists , composers and orches-  
tras

## Computing

We shall be using some new  
software to create our own  
'wiki' pages

## PE

Preparation for sports day—  
athletics, and striking and fielding  
games

## RE

In our Re day we will cover the  
theme of 'forgiveness' and what it  
means to Christians to forgive

## French

Focus on clothes, vocabulary and  
personal pronouns for 'my'  
Songs, games and stories

We shall also be having a french  
morning at All Saints school to-  
wards the end of term

## Science

Forces—after kicking off with a forces day where  
children will explore a range of activities showing  
different forces, we shall experiment and investi-  
gate air resistance, gravity, and upthrust in more  
detail

## DT

We shall be looking at levers and  
making our stories into pop up books
