Personal Profile

For the past 11 years I have been teaching in a challenging Inner London school. I spent the first 9 years teaching Years 5 and 6 and then 2 years gaining experience in KS1 teaching Year 2.

Although I love all aspects of primary life, my passion is maths. I have worked as an Advanced Skills Teacher across the Borough of Lewisham leading INSET, team teaching and offering planning support as well as being the Maths Subject Leader at my previous school. I look forward to bringing some of my ideas and enthusiasm to the Federation in order to raise the profile of maths in the school and to get children, teachers and parents excited about the subject!

I am already really enjoying my new role at Wyke Regis Federation and look forward to the challenges that we will face in the future. Being part of the Governing Body means that I understand the shared vision for continual improvement and can also be part of the decision making process.
