Personal Profile

I have been employed by Wyke Regis Junior School for almost 20 years, I often joke that I originally only intended to work in school until my own daughter was old enough to walk home from school on her own; she is now an adult with a young daughter of her own and I am still here!

I was originally employed by the school as a part time Finance Officer and Clerk to the Governing Body; over the years my role has grown and evolved into my current position of full time School Business Manager. I was Clerk to the Governing Body until the Federation of the two schools, when I became the Support Staff Governor representative. Following a recent reconstitution of the Governing Body I was asked to remain on the Governing Body as an Associate Member. I attend all full governors meetings and present budget reports as a member of the Finance and Environment Committee.

No two days are ever the same in a school; some are full of smiles, others tears and frustrations but every day is rewarding. It is great to share in eureka moments, in the delight of a child getting to grips with hard sums, mastering joined-up writing, getting 10 out of 10 in their spellings, or even managing a whole playtime without falling out with their friends.
