

November Numeracy Challenge

18th - 24th November 2019

Parents & Carers

Your child's school has entered in the **November Numeracy Challenge**. This is a UK, Europe, Africa and Middle East maths challenge focused on students mastering curriculum activities and practising their mental maths skills. Prizes are awarded for top performing schools.

There is also a free Mathletics app for tablet devices that students can use to access Mathletics from anywhere. All of their activities are recorded and will be synced with their main Mathletics account.

The app is available for iPad and Android tablets.

Year one and two children have been entered into this challenge. Please can you encourage your child to log onto Mathletics during this week so that we gain the most amount of points for our school. We get extra points for online challenges and children who earn large amounts of points from the activities they complete. Hopefully their participation will potentially help our school to win. Fingers crossed and good luck everyone.
