

Year 6

Geography

- Understand the processes that give rise to key physical and geographical features of the world: how The Galapagos Islands formed and are continuously changing due to the movement of tectonic plates
- Use maps, atlases and globes to locate countries, the equator, the tropics etc.

Science

- Recognise that living things produce offspring which inherit characteristics from their parents
- Study the importance of Charles Darwin and his theory of Natural Selection and Evolution
- Identify how animals are adapted to suit their environment in different ways and that adaptation may lead to the evolution of a species

Art

- Block printing: prints inspired by the animals of The Galapagos Islands

Design and Technology

- Design and create models that can be used to explain how The Galapagos Islands formed and are continuously changing

English

- Study of Journey to the River Sea by Eva Ibbotson, focusing on setting and description
- Non-fiction writing: a persuasive non-chronological report
- Study of The Island by Armin Greder, focusing on suspense
- Non-fiction writing: debates and discussion texts
- Focus on grammar, punctuation and spelling in preparation for SATs and to improve writing quality
