

### Mathematics

- Arithmetic
- Reasoning activities
- Number and calculations: addition, subtraction, multiplication and division
- Fractions

Our curriculum driver this half term will be:

- Resilience

The British Value we will be focusing on is:

- Mutual Respect

The Christian Values we will be focusing on are:

- Compassion and trust

### History (if your class has this in PPA)

- A local study of Weymouth through time
- Use primary and secondary sources to understand what it was like in Weymouth during World War 2

### Geography

- Use maps and atlases to identify continents, countries, UK counties and towns within Dorset
- Understand the importance of tourism on our local area, both positive and negative impacts

### Art (if your class has this in PPA)

Poppy art linked to Armistice Day

### Science

- Cool Chemist Science Week: plan, carry out and evaluate various different scientific investigations into the properties of materials linked to reversible and irreversible changes
- Describe how living things are classified into groups based on their similarities and differences, focusing on micro-organisms
- Plan, carry out and evaluate a scientific investigation around fungus (mould on bread)

Year 6

### RE

- Incarnation and the Holy Trinity

### PSHE

- Celebrating Difference
- E-Safety: how to stay safe on the internet and understand the impacts of cyber-bullying

### PE

- Rugby
- Hockey

### Computing

- E-Safety: learn how to use technology safely and recognise acceptable and unacceptable behaviour
- Use the internet to research our local area and evaluate how reliable some digital content is
- Use different software to produce a documentary film about our local area

### English

- Study of Goodnight Mister Tom by Michelle Magorian, with a focus on developing characters and dialogue
- Non-fiction writing: diary entry in role as an evacuee child in WW2
