

## English

Fiction text: *The Wretched Stone* by Chris Van Allsburg. Children will explore plot development and write their own stories.

Non-fiction text: instructions. Children will write instructions linked to *The Wretched Stone* and cross-curricular activities.

## Maths

Place value activities up to 10 000 000, including rounding and negative numbers.

Use efficient written and mental recall methods for all 4 operations (+ - x and ÷).

Solve real life problems involving addition, subtraction, multiplication and division.

## RE - Is anything ever eternal?

This is a topic from Discovery RE where the children will explore and discuss theological ideas.

## PE

Tennis and Rugby

## Music

### **Anna Meredith – Connect It**

Working together, raising awareness of contemporary music, musical canon and imitation/repetition/pulse.

## History

A study of the history of our local area, focusing on Weymouth during World War 2.

## Art

Children will explore scale and proportion through sketching local landmarks.

## Computing

Learning how to manipulate data and information through the use of spreadsheets.

## French

French sport and the Olympics.

## Science

- Recognise that living things produce offspring which inherit characteristics from their parents
- Study the importance of Charles Darwin and his theory of Natural Selection and Evolution
- Identify how animals are adapted to suit their environment in different ways and that adaptation may lead to the evolution of a species

# Year 6 Autumn 1

## Survivor

## Jigsaw - Being Me in My World

Children will take part in activities which will help to develop their teamwork skills, set up the learning environment and agree our class charter.

## Design and Technology – Dragons' Den Shelter Building Project

Children will investigate different types of shelters; explore which 3D shapes make the best structures for a shelter; experiment with using lashings to create a 3D structure then plan and design their own shelter.

This will culminate in a shelter building day on the field where they will work as a team to build their own shelters. This will be on Wednesday 28<sup>th</sup> September (weather permitting).
