

<p><u>English</u> Character descriptions: We will be learning how to use adjectives to help us write engaging character descriptions. We will use our description skills to write Missing posters for a familiar character before creating our own characters to describe.</p> <p>Explanation Texts: We will be using what we have learnt in science to write a range of different explanation texts. We will also be using these skills to write 'health and fitness reports' for the clients we will be helping in our lessons.</p> 	<p><u>Maths</u> Place Value: We will be representing numbers to 100 and then 1,000 in different ways, comparing objects and numbers up to 1,000 and ordering numbers to 1,000 on number lines. We will also be finding 1, 10 and 100 more than a given number and counting in 50s.</p> <p>Addition and Subtraction: We will be learning how to use the formal column methods to add and subtract 2 and 3 digit numbers.</p> <p>We will be using what we have learnt to solve a range of mathematical problems.</p>	<p><u>Art</u> We will be combining paint, fabric and sewing to make beautiful multi-dimensional landscapes. We will be using what we have learnt to create an enormous painted bowl of fruit.</p> <p><u>French</u> We will be learning how to say hello in French and greet one another in different ways.</p> <p><u>PSHE</u> We will be learning all about friendship, exploring how these very important relationships can change and learning what to do when we fall out with our friends.</p>
<p><u>Science:</u> We will be exploring our own bodies and learning about how our bones and muscles support and protect us and help us to move in a variety of different ways.</p> <p>We will also be learning how our skeletons compare with those of other animals and exploring the similarities and differences between them. We will be grouping animals according to what they eat and learning how the correct nutrition is important to all animals.</p>	<p>Autumn 1 – What's Inside!</p> 	<p><u>Computing:</u> We will be learning how to independently log on to our computer network and keep ourselves safe when working online. We will also be exploring the different computer programs that we use at KS2 such as TTRS and Accelerated Reader so that we feel confident when using them independently.</p>
<p><u>RE – Hinduism</u> We will be investigating the Hindu festival of Divali and thinking about this festival gives Hindus a sense of belonging</p>	<p><u>Music:</u> We will explore Anna Meredith's piece 'Connect It' and use her ideas to create our own body percussion pieces.</p>	<p><u>Home Learning</u> Please read at least three times a week with your child and practice their weekly spellings with them.</p> <p>Please could your child do at least 10 minutes of Times Tables Rock Stars each day.</p> <p>We will also be sending home spellings for your child to learn each week. These will either be focused on a sound we have been learning in</p>

<p><u>PE - Tag Rugby and Hockey</u></p> <p>We will be learning the key skills needed for both sports before using these skills to play simplified versions of the games. We will be focusing on what a good team member is and focusing on playing as a team.</p>	<p><u>History – Medicine through Time</u></p> <p>We will be learning about how medicine has changed over time, from trepanning by Neanderthals to the creation of the NHS. We will be exploring how to place these changes in chronological order on a timeline and discuss what these changes have meant for different people throughout history.</p>	<p>class, a spelling rule or a personalised list of words that your child is practising in class.</p>
